Professor Tore Dalenius  
Institute of Statistics  
University of Sweden  
Stockholm, Sweden

Dear Professor Dalenius:

In reply to a request from Mr. John Williams, Daniel Ellsberg has asked me to make sure that a copy of his thesis, Risk, Ambiguity, and Decision, is sent to you posthaste. While copies of the thesis have been deposited with the Department of Economics at Harvard University, Dr. Ellsberg is presently revising his manuscript for publication as a RAND Memorandum and would be grateful for any comments and/or criticisms you might have at this time.

Meanwhile, may we bring to your attention the fact that the manuscript (in its present form) is not a formal publication and cannot be cited, quoted, or abstracted without prior approval from the author.

Very truly yours,

Secretary to  
Daniel Ellsberg
